Interests and Hobbies:	reading, playing with my dog, playing volleyball
Things I have too many of:	
Something about me:	I am a first year teacher and I am expecting my first child. I have always enjoyed teaching children and I can't wait to have my own! I recently started my Master's, so I am super excited for this journey. I spend a lot of my free time with my husband and dog. I love to play volleyball and read books. I also enjoy spending time with my family whenever I can.
Other comments or allergies:	bananas, tomatoes, coconut
